

A February Celebration - Congregational Feast Day

The Sisters of Notre Dame de Namur around the world celebrate February 2nd each year as their Congregational Feast Day.

On this date in 1804 St. Julie Billiart and the first sisters founded the congregation, committing themselves to the ministry of education, especially for the poor. Despite the humble and arduous beginnings of the community, two years later on the same date, St. Julie envisioned that the work of her sisters would be worldwide. In the years following her death, that became a reality as many sisters left their homeland to serve the mission of the congregation. And now the Sisters of Notre Dame de Namur serve in 13 countries around the globe. Sisters in different parts of the world celebrate this day together in some way, often with prayer and liturgy.

In those places, and in collaboration with our many schools, sisters continue to see St. Julie's mission to educate and the fostering of faith for life continue to move forward.

Schools in California celebrate a "founders day" with a variety of activities that includes assembly prayer, a liturgy, a student-led sunflower cookie or cupcake activity. Moreland Notre Dame in Watsonville is also including a presentation on vocations and Notre Dame San Jose high school is including remembrance of World Hijab Day as a celebration of diversity.

In the Massachusetts schools, the day is celebrated in myriad ways but typically include a liturgy, community service, and learnings about the history of St. Julie and the congregation.

Foundresses' Week | Feb. 2 | NDB

Parents/Families are invited to attend the Foundresses' Week Mass at 10 a.m. on February 2 in the Moore Pavilion. The Mass will honor St. Julie Billiart and Françoise bin de Boudon, the foundresses of the Sisters of Notre Dame de Namur and all of the Notre Dame schools around the world. Our theme this year focuses on Notre Dame Hallmark 6: Creating Community at NDB. Special activities will be held throughout the week to remember the history of the founding Sisters, including those who first came to California.

During Foundresses' Week, our students have an opportunity to volunteer with the Table of Plenty Community Meal Program in Hall Moore Bldg at 5 p.m. on Thursday, February 9. Sister Jeanette Braun, a sister of Notre Dame de Namur, is one of the cofoundresses of this program. She loves it when NDB students volunteer at this meal for low-income families and seniors. Students can volunteer by contacting volunteer@ndhhs.org and they will receive community service hours for this opportunity.

Mission Moments

Anniversary of Sister Dorothy Stang - February 12

“If we keep working, helping our people grow in education, their ability to speak up—organize—create within themselves a spirit guided by The Spirit to help create a new people a little at a time, we’ll get there. I might not live to see the day, but with the help of all of you, our people have grown in their understanding—caring for others.”

Sister Maria Delaney, SNDdeN - Sharing her experience as the temporary NGO at the United Nations

Sister Maria Delaney, SNDdeN is working temporarily at the United Nations in New York City while the Sister designated to be our next Non-Governmental Organization (NGO) Representative awaits her U.S. visa from the Democratic Republic of Congo.

She shared, “The NGOs provide reality for the heads of state and the ambassadors who make decisions that can be globally life altering... we work in a coalition of religion based NGOs on the issues of biodiversity, climate, education, energy, extraction, food and agriculture, gender equality, homelessness, human rights violations, indigenous peoples, migration, nuclear weapons, oceans, peace/nonviolence, racism, social development trafficking, war water, among justice issues... All have roots in environmental degradations, so the overarching issue is the climate crisis in all its manifestation. The UN paper included shows that everyone has a role to play “in caring for our common home,” Pope Francis’ theme in *Laudato Si*.”
